

Department of CSE

TUTORIAL PLAN

Name of the Course-Coordinator: Prof. Kapil Sharma
Prof. Satinderpal Singh
Prof. Khushi
Prof. Preetkamal Singh

Branch	Semester	Subject	Code	Session
CSE	3 rd	Computer Architecture	CCS103	July-Dec.2025

Tutorial Sheet No. 6

Course-Content Covered:

Introduction to microprocessors, 8085 microprocessor architecture Pin Diagram, Bus structure, Addressing modes, Instruction classification, Instruction formats, Data transfer operations, Arithmetic operations, Logical operations, Branch operations, Stack and subroutine operations.

Question 1) Classify various data transfer operations in microprocessor 8085 along with examples.

Question 2) Enlist various stack and subroutine operations with examples.
